Dear Direwolves Parents and Students,

With our school closing for precautionary measures of not spreading the viral disease of COVID-19, the Direwolves team of teachers has compiled work that must be completed during the time at home for the next two weeks (see page 2 for list of assignments). As Superintendent Dr. Leslie Torres-Rodriguez stated, Hartford Public Schools will be closed indefinitely, but they will reassess the issue in two weeks. If our school continues to be closed beyond March 27<sup>th</sup>, then it is recommended that each parent and child check the teachers' class websites for further assignments. Each teacher's email contact and class website are in the data table below for your convenience.
